Industry-relevant Skill Development

Axis Colleges focus on bringing industry-standard tools and technologies to equip our students with a skill set relevant to the real world. The exposure that this deeply experiential method of learning brings to our students is one of the key secrets to solidifying our position as a center of excellence.

Industry Partners

Academic tie-ups with industry leaders allow Axians to develop key competencies, including but not limited to project management, business communication, and team-building -- skills that are transferable across all job roles in every sector imaginable. This places our graduates in a league beyond.

Where “Home Away from Home” is more than a marketing slogan

- Axis Colleges, with its modern infrastructure and sprawling green campus, provides a secure environment for its students to learn, experiment, and find their feet in the world.
- Well-designed residential accommodation is provided separately for students of both sexes. Arrangements are made to ensure that the residents are completely secure.
- Dedicated student bodies manage clubs dedicated to Sports and Culture, often organizing events in the grand auditorium and lawns of the campus.

Light, Liberty, and Learning

Axis Colleges boast over 75 acres of campus space unmatched in its infrastructure, naturally blending in with the lush greenery that accentuates and accompanies it. Axians are distant from the mind-numbing hustle and bustle of the real world, yet completely engaged in it.

GURU RANDHAWA

An IMPACT Feature

Man with a futuristic move

Mr. Raj Kushwaha, the visionary educationalist of Kanpur is the Chairman & Managing Director of Axis Educational Society. He envisaged that a prime educational hub is required in the eastern part of Uttar Pradesh. Thus he planned to have a chain of colleges imparting education in Technology, Architecture, Fashion, Management and Diploma courses. His vision was to have an educational system which could impart strong technical and managerial foundation to the students.

RAJ KUSHWAHA
CHAIRMAN & MANAGING DIRECTOR

"Excellence is
a skill it is an
attitude."

Axis Colleges being a leading educational institution helps to confront different challenges with lot of zeal and determination. The aim of these colleges is to prepare the students to walk on the "unbroken" path with devoted discipline and inner motivation. To attain success is one of the greatest challenges for all. Axis has emerged as a reputed institute with chief goal of bringing up a workplace of professional brilliance, imparting awareness and knowledge with systematic skills that leads a hand to the graduates and post graduates to apply both hard and soft skills for modernization and improvement in technology. At Axis, students are encouraged to rediscover their learning muscles. It allows them to find new identities as innovators and shakers in the world. Nevertheless, the exceedingly dedicated staff and the students of Axis Colleges have been accomplishing the same.

Axis Colleges is the only campus in the region to have CNC Unit and Microsoft IT Academy. Through the association of Google & AKTU, FDP Program on "Android Skilling" has also been planned. This is primarily to enhance the skill of faculties. Acknowledging the academic excellence of Axis Colleges, Jagran Josh has put Axis Colleges at prominent places in their latest engineering & management ranking 2017. Axis Colleges has been ranked 137th All India, 19th in Uttar Pradesh and No. 1 private engineering college in Kanpur. Also Careers 360 also recognized Axis Colleges and gave listing in the reviewed institutions (accredited in the top 1 or 2 quartiles).

"I strongly believe in academic excellence, high teaching standards and discipline. There is no shortcut to success."

Record Placement of previous year students

Axis is the most preferred institution for numerous top notch companies, recruiting students from campus even before they complete their studies. These include MNCs like Amazon, Flipkart, Accenture, Bajaj Motors, Motherson, TCS, IBM, Indofarm, Infosys, SAP, Renault, JBM, Havells, Hindustan Unilever, Amuja Cement, Shahi Exports etc. Axis is one place where companies come to create all time records of picking the largest number of students in single campus. Every year Axis has an incredible track record of placing incredible students worldwide.
